Project: Cabinets - Install

On time, professional and did an amazing job on our kitchen install. We purchased cabinets from Home Depot and their cabinet installer's estimate was outrageous. Alcom's bid was reasonable and the installers were fabulous - master craftsmen. We highly recommend them.

Project: Cabinets - Refinish

Allen was great to work with. He was fair with his price, listened to what we wanted and he was easy to get in contact with. Alcom worked cleanly and I always knew when they would be coming and although we had a small problem with drawers being the wrong size, they let me know the problem right away and when it could be corrected. I am very pleased with the final results and hope to have Alcom come back in the near future to refinish our bathroom cabinets. My kitchen is now the "beauty" I always hoped it would be.

Project: Cabinets - Reface

Exceptional service, on time and on budget. Allen refaced our kitchen and it looks stunning, now we are adding crown molding and a mantle.....We won't work with anyone else but Allen on any of our home projects. Allen is also coming back to do touch ups and any repairs needed, now that's what you call professionalism. We would recommend Allen, if you want

honest, reliable and good old fashioned quality work done, then Allen is your contractor, we are thrilled and happy our kitchen looks fantastic.

Very happy with the cabinets, they look like new. I would use Alcom again.
